

Dear Friend,

Thank you for interest in, and support of, the Borrego Art Institute. BAI needs to raise \$300,000 each and every year to continue to offer its many valuable services. We accomplish this via grants and donations from generous individuals like you. As we near the end of 2023 we wanted to take one last opportunity to let you know about some of the great things BAI does and remind you that we can use your help by December 31st.

BAI is a registered 501C3 non-profit organization where art is only the beginning. It serves the small town of Borrego Springs and its neighbors by providing classes for young and old alike, food from its botanical gardens, a pottery studio, a gallery, and its well-loved KidsArt program. These services are offered at low to no cost to locals and visitors. If you like what BAI does, join us today.

The arts and education are no doubt near and dear to your heart, as they are ours. Although not often thought of this way, Arts & Education are critical industries that support jobs, generate tax revenue and strengthen the tourism economy.

The simple truth is, if you choose to give, whether large or small, you'll see tax benefits and know you are helping preserve the arts, and more, in an underserved community. You can rest easy with the knowledge that BAI is run by a seasoned staff and overseen by a dedicated board of directors. Everyone at BAI shares your concern for, and respect of, the arts, culture, and education. I invite you to join us by making a donation of any size to the Borrego Art Institute today.

Thank you & season's greetings,

Steve Fisher
Executive Director

Robert Wright
Board President
